Port of Roenne

Industry

Offshore & Port Operation

Goal

Port of Roenne is the commercial port of Bornholm. Bornholm is positioned central in the Southern Baltic Sea. Port of Roenne has activity within Ferry, Bulk, Cruise and Offshore segments. The port has about 3500 calls each year.

Products/Focus

Port of Roenne has a unique infrastructure and is chosen as pre-assembly port for Kriegers Flak (Siemens Gamesa) and Acardis Ost 1 (MHI Vestas). Bornholm has also been chosen as Energy Island by the Danish government.
